

The aim of this meeting is to bring together all research groups working in RNA Biology on the South Coast, with a view to encourage collaborative research between groups and also foster links with Industry. The Universities involved include Sussex, Kent, Surrey, Portsmouth, Southampton and Oxford. Thirteen group leaders have shown interest and we expect 30 delegates. Six Industrial Companies will also be presenting Trade Displays.

The meeting will be held on the 4th November, 2009 in the Chowen lecture theatre and foyer of the Medical Research Building, University of Sussex Campus, from 2-7pm.

The meeting is organised by Dr. Sarah Newbury (BSMS) together with Brydie Maguire (Business and Enterprize) and Debbie McGuchan (Business and Enterprize).

For further information please contact Dr. Sarah Newbury (s.newbury@bsms.ac.uk)
