

MDM26 Gynaecology Update: Primary & Secondary Care Interface

Overview

This intensive module which runs over four days aims to enable students to develop a critical understanding of the major diseases and health problems confronting women throughout their life cycle. The focus will be on common gynaecological disorders, sexual health and screening.

This can contribute towards continuing professional development (CPD) and also a 20 masters' level credit as part of a Postgraduate Certificate, Postgraduate Diploma or Masters award.

Module Leader:

Tony Kelly
Consultant Obstetrician & Gynaecologist
Honorary Clinical Senior Lecturer
Brighton & Sussex University Hospitals
NHS Trust
