

## COVID-19 PATIENT INFORMATION

We fully appreciate that our patients may feel anxious about attending the Centre for their scanning appointment during this current time. We would like to reassure you that we have put a number of additional measures in place to ensure the safety of our patients, carers and staff. These have been outlined to the right.

### Please note:

\*\* If you are unwell or experiencing any COVID-like symptoms we would ask you **NOT to enter the Centre** and to reschedule your appointment with your referring organisation.

\*\* **Only patients and essential carers are allowed to be in the building.** Relatives and friends are kindly asked to remain in the carpark if they have attended with you.

\*\* If you have any questions or concerns please do not hesitate to contact the team on **01273 876720**

### Additional measures in place:

- **Hand Sanitising Stations**  
at all entrances and throughout the building. We request that you use these when entering the Centre and before touching any call buttons or door handles.
- **Respect a 2m distance**  
We ask all of our visitors to respect a 2m distance, whenever possible, at all times and have adjusted our seating appropriately.
- **Temperature & Face Masks**  
On arrival ALL visitors will have their **temperature** taken and will be given a **face mask** to wear.
- **Proper Equipment Sanitisation**  
We have extended our appointment timeslots to ensure that all scanning equipment can be **properly sanitised** between each use.
